Rally , session.

I don't have any suggestions for cyber awareness one thing they can do is Village/community awareness programs in rural areas

जास्तीत जास्त जागरूकता पसरवण्याचा प्रयत्न करेन व महाविद्यालयांना सायबर जागरूकता दिवस साजरा करण्याचा सुचवेल व सर्वांपर्यंत हा संदेश पोहोचवण्याचा प्रयत्न करेल

Na

No

In education system we introduce cyber awareness practical and senction

Nothing

Make the site more private

Conducting a campaign

If you want to aware a people about cyber crime you have to teach them about the system how it’s work and tell them the anything you don’t know about anything just google it or ask to the person you trust

don't understand how they work so make a videos and share the groups and News also

Cyber awareness can be improved by conducting regular awareness programs in schools, colleges and local communities. People should be educated about strong passwords, online scams, phishing links, OTP fraud, privacy settings and safe social media use. Simple

workshops and posters in local languages can help people understand cyber risks and report suspicious activities quickly.

Conduct regular cyber-awareness sessions on topics like phishing, strong passwords, online scams, privacy, and safe social-media usage. Simple posters, workshops, and real-life examples can help people stay alert.

Improving cyber awareness

.

Every person should know about it

Be aware all
